1/99 Flinders Street

Modern, spacious and trendy two bedroom apartment in the heart of Surry Hills

Modern, spacious and trendy two bedroom apartment in the heart of Surry Hills.

This building was once the Commonwealth Bank Paper Repository then it became the Alexander Mackie Art College. The original concrete floors in the bedrooms still remain which give it the solidness a warehouse conversion deserves.

Whilst located on Flinders Street in Surry Hills, this modern low rise warehouse conversion, two bedroom apartment faces over Hutchinson Street, has a private balcony off the lounge and kitchen area and is well positioned on the top floor with un-interrupted district views.
